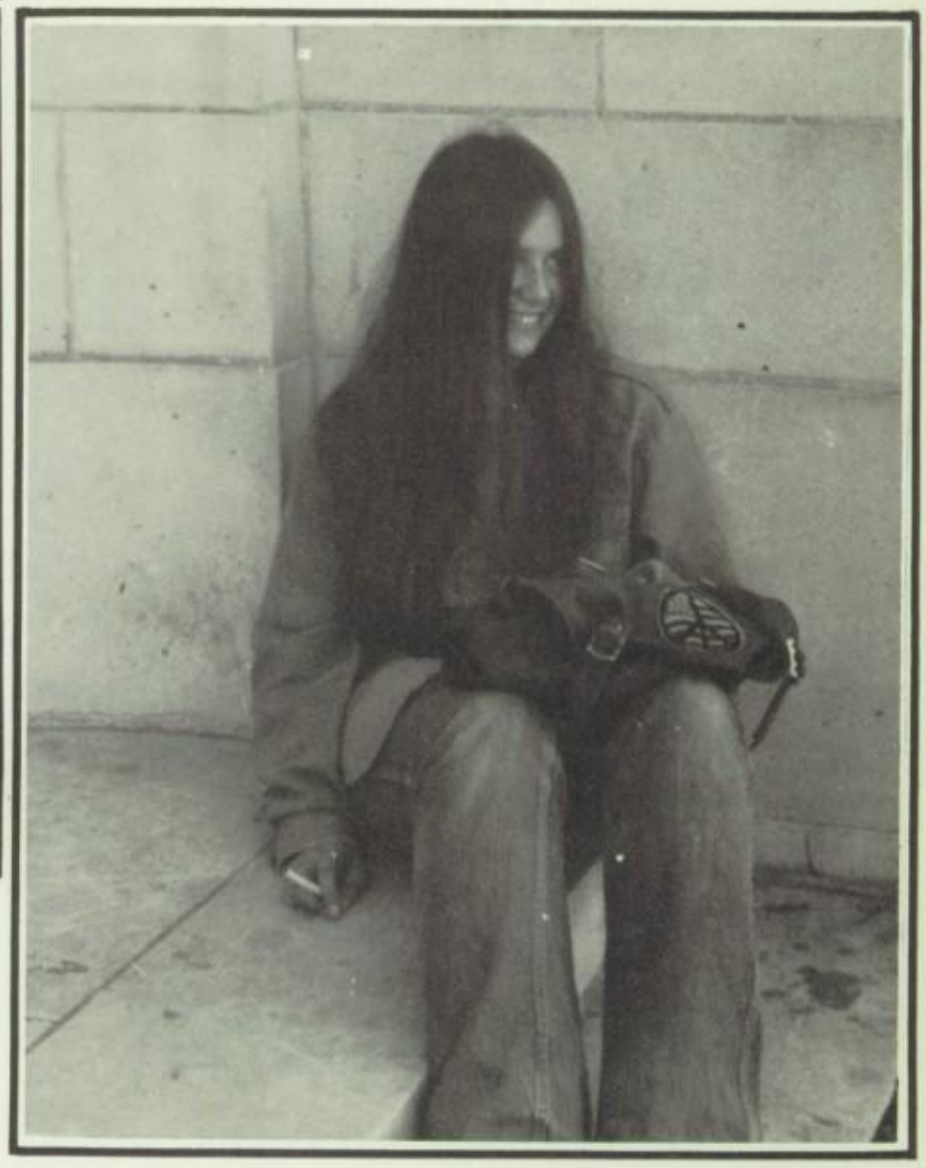
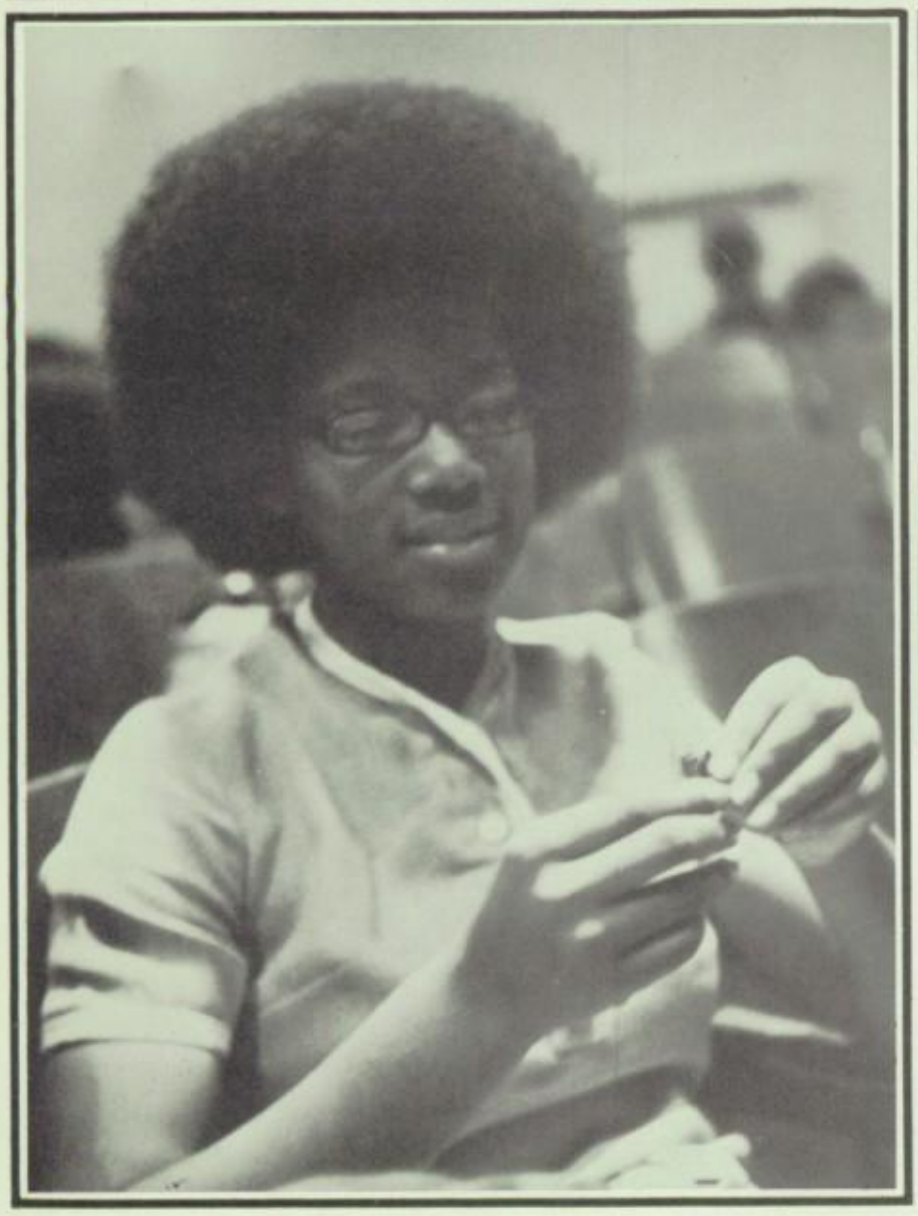
touch my hand . . .

live, and let live . . .
I do my thing;
you do your thing.
I am not in this
world to live up
to your
expectations, and
you are not in
this world to live
up to mine.
You are you, and I
am I; and if,
by chance,
we find each other,
it's beautiful.

Don't apologize
to me for being
what you are,
and I won't
apologize to you for
doing what I do.
I will let you live
as you wish, but
please don't censor
my life style.
As I reach out, my
humble petition
penetrates the
darkness.
Can you hear me?





touch my heart . . .

love, and be loved . . .
Among the faces
varied, moving,
one appears
different;
one special face
makes itself
distinct--intimate.
Finding a way to know,
to understand, to
relive experiences
together--finding
each other, walking
hand-in-hand, going
places, talking to
friends, getting to
know people helps
insure fulfillment.
Sharing a pet, a
secret or a private
joke cements friend-
ship--increases
happiness. When
people are secure
in the knowledge
that no one can
divide them from
their goals, they
can rise above the
ordinary, into the
world of success--
full of the
confidence that they
are loved.

Find among the men of the world one who is lost, lonely and broken; take him into your abode and strengthen his soul. In order to find oneself, active community involvement is necessary. Study of people helps in the discovery of the "Why" --why people do things--why they don't--why they succeed--why they don't. . .Sometimes merely being in the midst of the action contributes to self-fulfillment. Then one soaks up the tidbits of information that continually ebb and flow around us. Some people have no problem finding themselves, while others search forever hoping that they will.

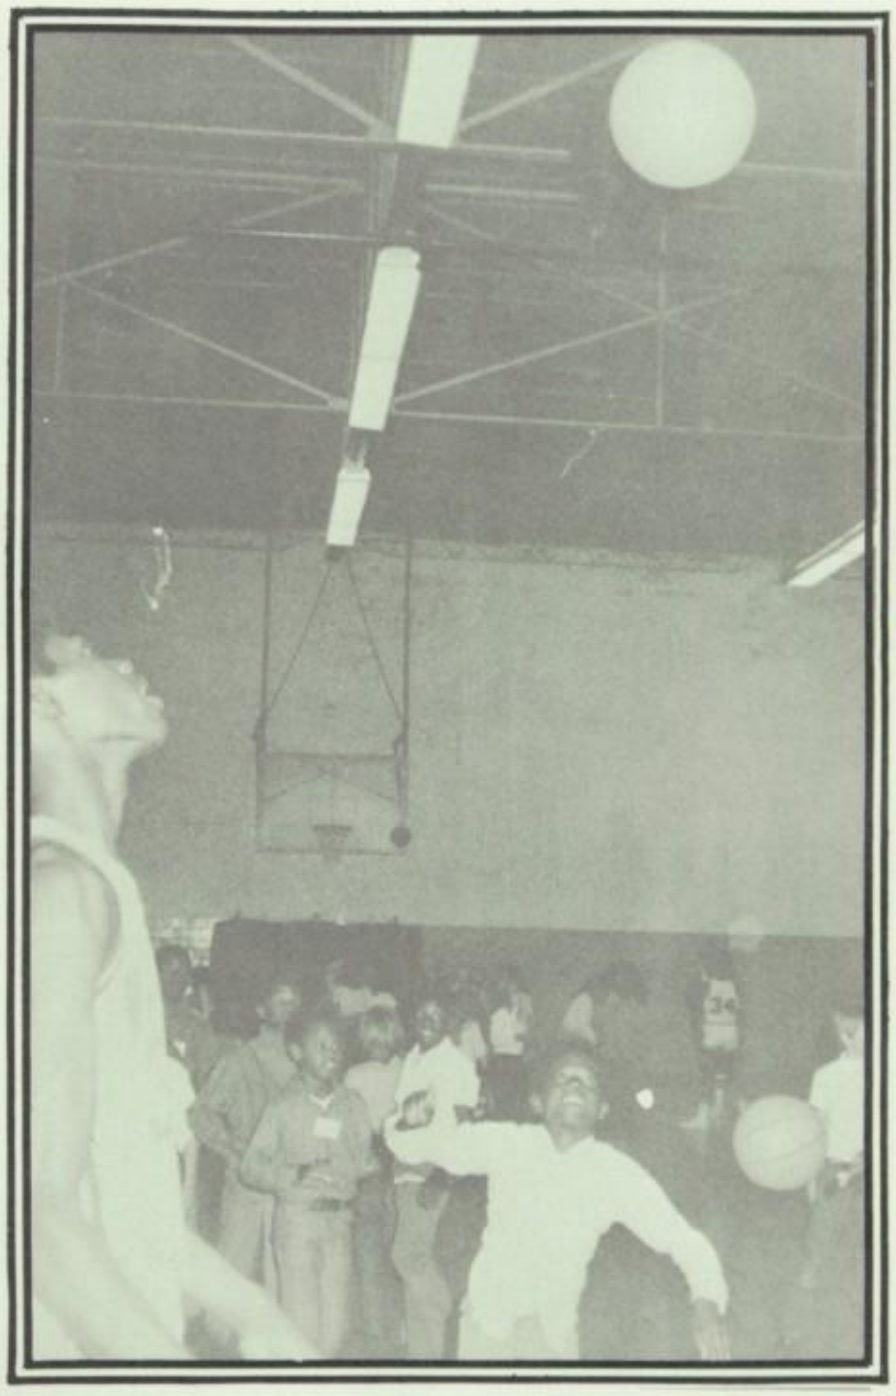
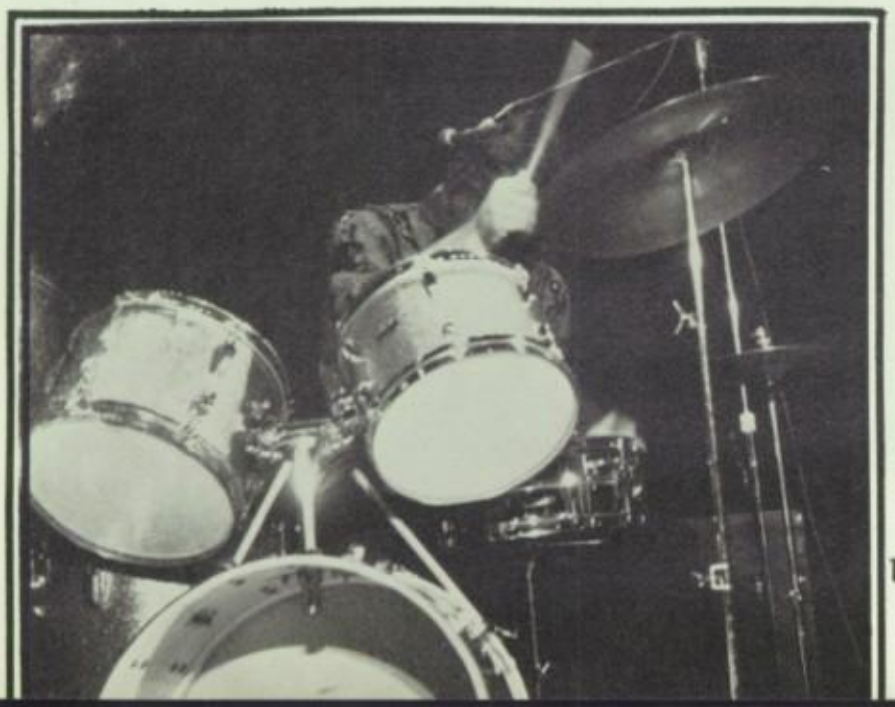
touch my emotions . . .

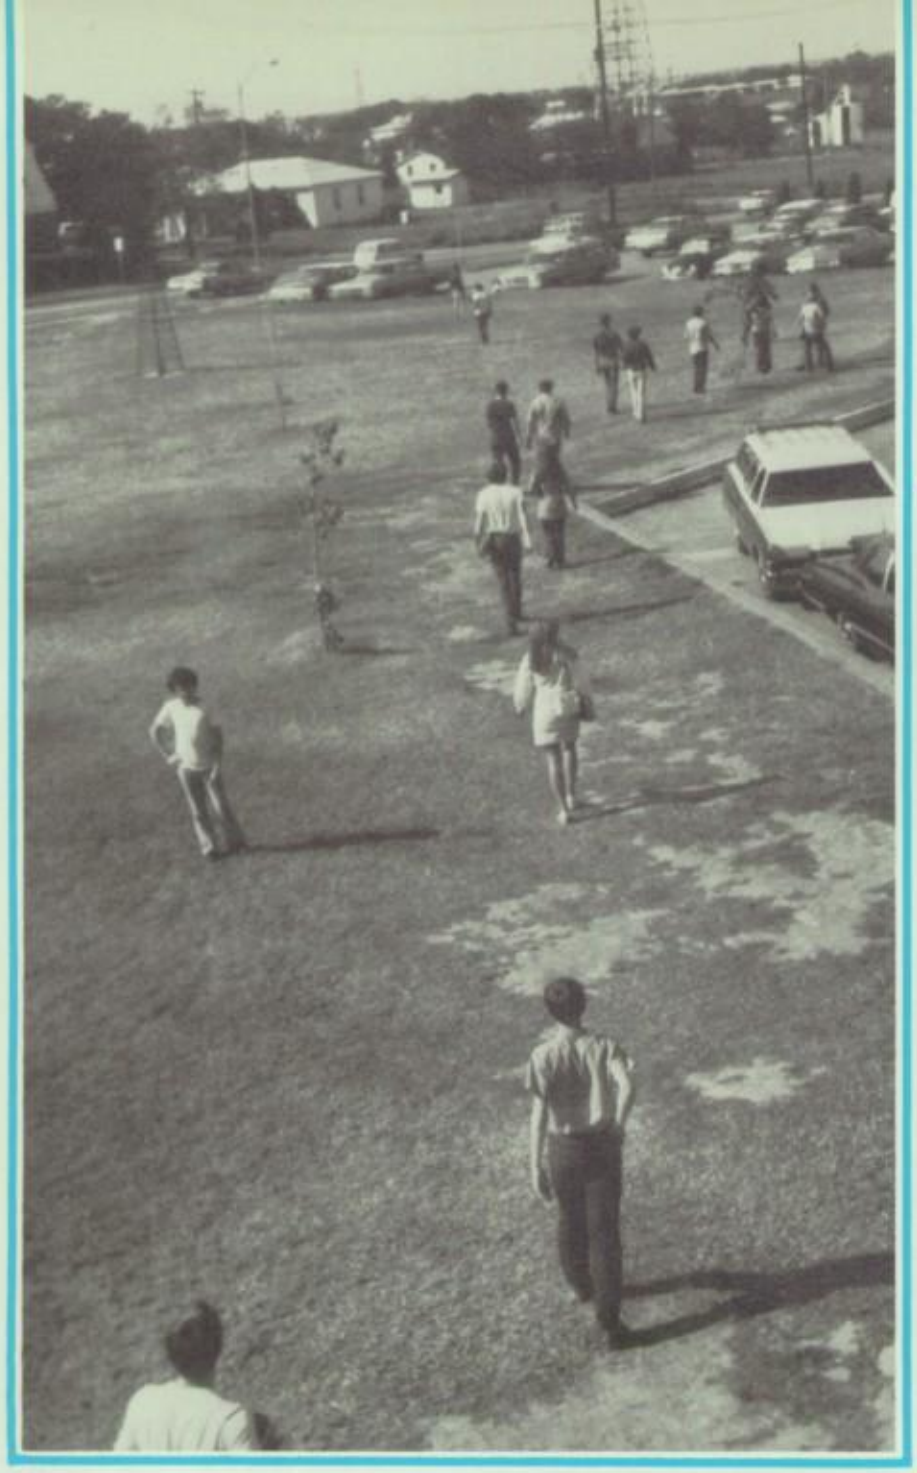
OPEN THE DOOR TO YOUR HEART AND OPEN IT WIDE - Please be honest with me. Don't just sit there quietly making me wonder what you're thinking-please.

I would like to understand you and have you understand me, but I just can't force you to open up your mind to me. I've been knocking for a long while.

Won't you answer?







touch my soul . . .

someone is standing outside . . .

Someone is looking for you, me, all of us. Often they have a hard time finding us because we are all drifting--lost in a swirl of swarming humanity. Please! Don't touch me--don't raise your eyes to mine because then I could see my own loneliness mirrored within the depths of your pupils. Let faceless emotion reach out to your very being to touch not only your thoughts but your soul. Question your priorities. What's important? Compassion? Humility? Courage to stand against odds when you are right and courage to admit being wrong? Though the world be against us, together we. . .

The group supported the cheerleaders in their spirited yells for Viking victories at all football and basketball games.

Even after marching season, students could still hear early morning and late evening rehearsals, as the band prepared for their Swing pop concert. The Stage band received honors for its state-wide performances.

Kathy Hanson, Donna Jones and Derek Moore did the less pleasurable tasks.

No band could be without its leaders; and with Tyrone Breckenridge and Rosa Harris as drum major and majorette, the "Viking 85" could not miss. Tyrone and Rosa have the great responsibility of leading the band throughout the marching season, and they do it in style. But success is impossible without a director, and Mr. Alvin Jernigan rejuvenated the band teaching the formidable "Edwards" style while adding his own unique touches.

Band selects queen

No band year would be complete without the crowning of the band queen. The queen must always be a junior girl with at least a 2.5 grade average and an active band participant. Crowned queen for 1972 at the Mid-Winter Band concert was Lisa Bullock. Lisa plays flute and is treasurer for the band. Donnie Windham was first runner up. She plays clarinet. Sylvia Sherman was second runner up and plays flute.

The combo which so ably assisted them was composed of Brad Cole, Reggie Thomas and Paul Reynolds. Rehearsals began in January for the March production of Jesus Christ Superstar.

A $50 donation started the group on their way to recording their first album. The PTA gave the young singers Christmas gifts of donations, also. The art club was faced with many new problems with the leaving of Mr. Leon Edd, before first semester was over. Fortunately they got a new teacher immediately. Mrs. Philpott taught the group new techniques in lighting and sound. They also went to a workshop at Northwest Classen High School to learn some of new ideas. The crew's biggest project was putting on "Jesus Christ, Superstar" in mid-March. Extensive sound and lighting skills were required for this production. Thespians win awards; bring honor to school

Enthusiasm has sparked the ambition of the drama class members to improve their props and costumes. The group took second at the State one-act play festival, with individual awards going to Alicia Heartfield and Donald Harris.

Mrs. Bonnie Bennett, who is new to the small but fairly well known acting troupe, has introduced new techniques and set higher goals for the spirited company.

The department will have to say goodbye to three of its Senior members - Patty Roark, Donald Harris and Mike Baldridge. These three have been with the department for their entire senior high school careers. Mrs. Bennett said, "I expect great things to come their way."

With a new debate topic, a new teacher and all new debaters, the Department of Forensics took on an all new look this year. "It takes time to build a debate team," says Mrs. Bonnie Bennett, "but with a lot of hard work from our debaters, plus the desire to become a good debater, I'm sure they can be a great team."

Mrs. Bennett has all ready set new ground rules for the group. The inexperienced debaters have started to gather information, and quotes to improve their knowledge about the topic of discussion this year.

Languages close communication gaps

The initial meeting of the FRENCH CLUB was a picnic at Will Rogers Park in September. Following that, meetings were held bi-monthly—one at school and another in members' homes. In these meetings they discussed French culture and presented plays, one of which was presented at the Christmas assembly.

In the production, Pierre (Mike Baldridge) was a "bad boy" intent on putting Angelique (Vonnie Love) in a bad light so that on Christmas Eve Pere Noel would put switches in Angelique's sabots and presents and candy in his. Winter Greeted Several Exciting Activities

This year the PTSA Open House broke tradition for the first time. Instead of the usual routine of parents visiting the teachers in their classrooms, each of the departments moved their individual displays to the cafeteria. This enabled the parents to converse with the different department heads about curriculum, to talk to teachers about students and to discuss school policies with administrators. Parents were invited to do these things at their leisure, instead of having to climb the stairs and meet a specified time limit.

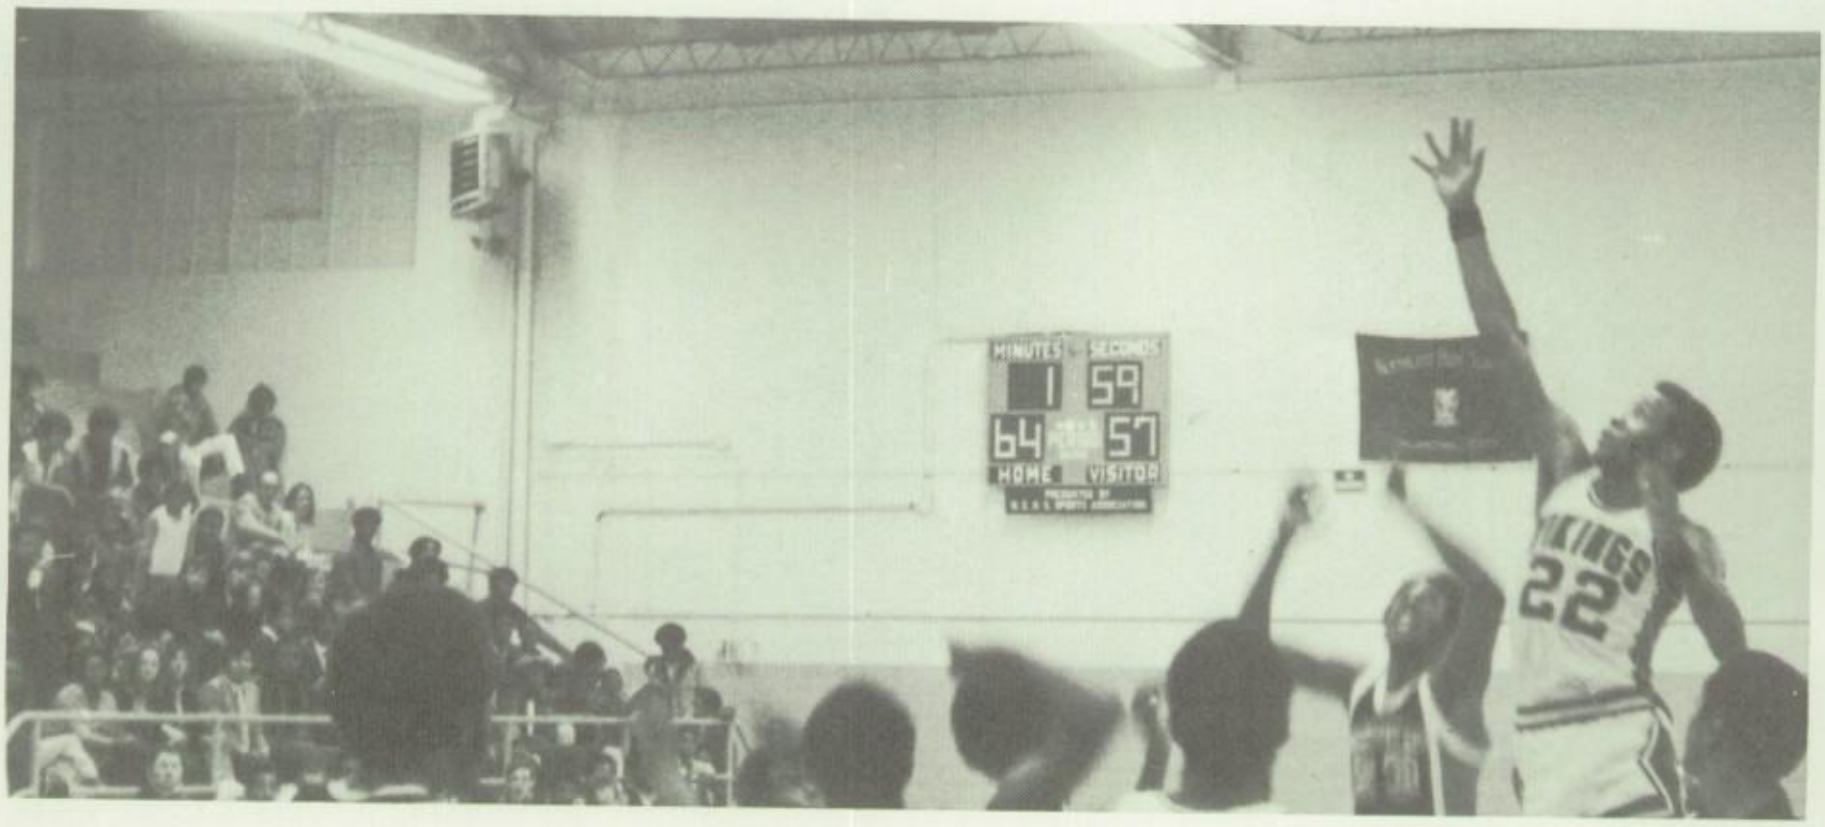
roundballers go to state play-offs

Traditionally, Northeast has always played good basketball, so it is no exception that this team is ranked the best Northeast has had. Overall, the strength of the team lies in its size.

According to Coach Wadkins too much praise cannot be given to the squad; they are not only good ball players but are good young men as well.

An outstanding record of 23-1 supported the Vikings as they went to Area playoffs at Lawton, 24-1 to the State playoffs. The Vikings won the Capitol Conference, McGuinness Tournament, Star Spencer Tournament and State Regionals.



Mr. Tom Wadkins coached the Northeast Vikings. He has been a very successful coach for many years. He coached at Washington High in Stillwater for 20 years. During that time the team won many Conference Championships and was the first Black team to win State before integration. Also the first to win the State Capitol Conference after integration. Then he went to Dunjee where he won Central Conference, Mr. Wadkins was choosen Coach of the year. The team was the first black team to win the O.B.U. tournament and District Regionals. Mr. Wadkins has received many awards including Langston's Outstanding coach award. He also coached Moon Jr. High to a 30 game winning streak with only 3 losses. TOP LEFT: The sophomore section enthusiasticly joined in at pep assemblies for the fighting Vikings.
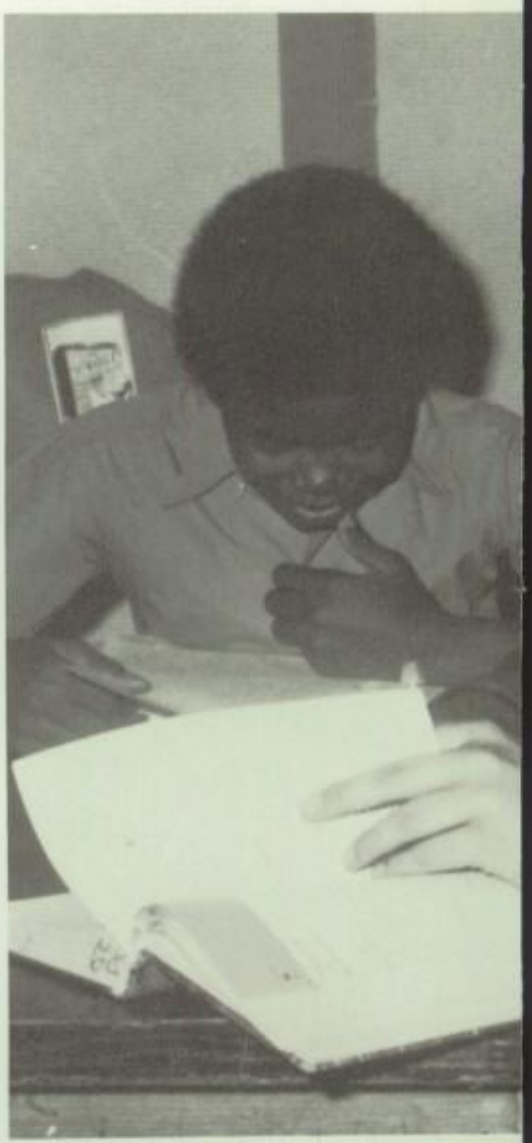
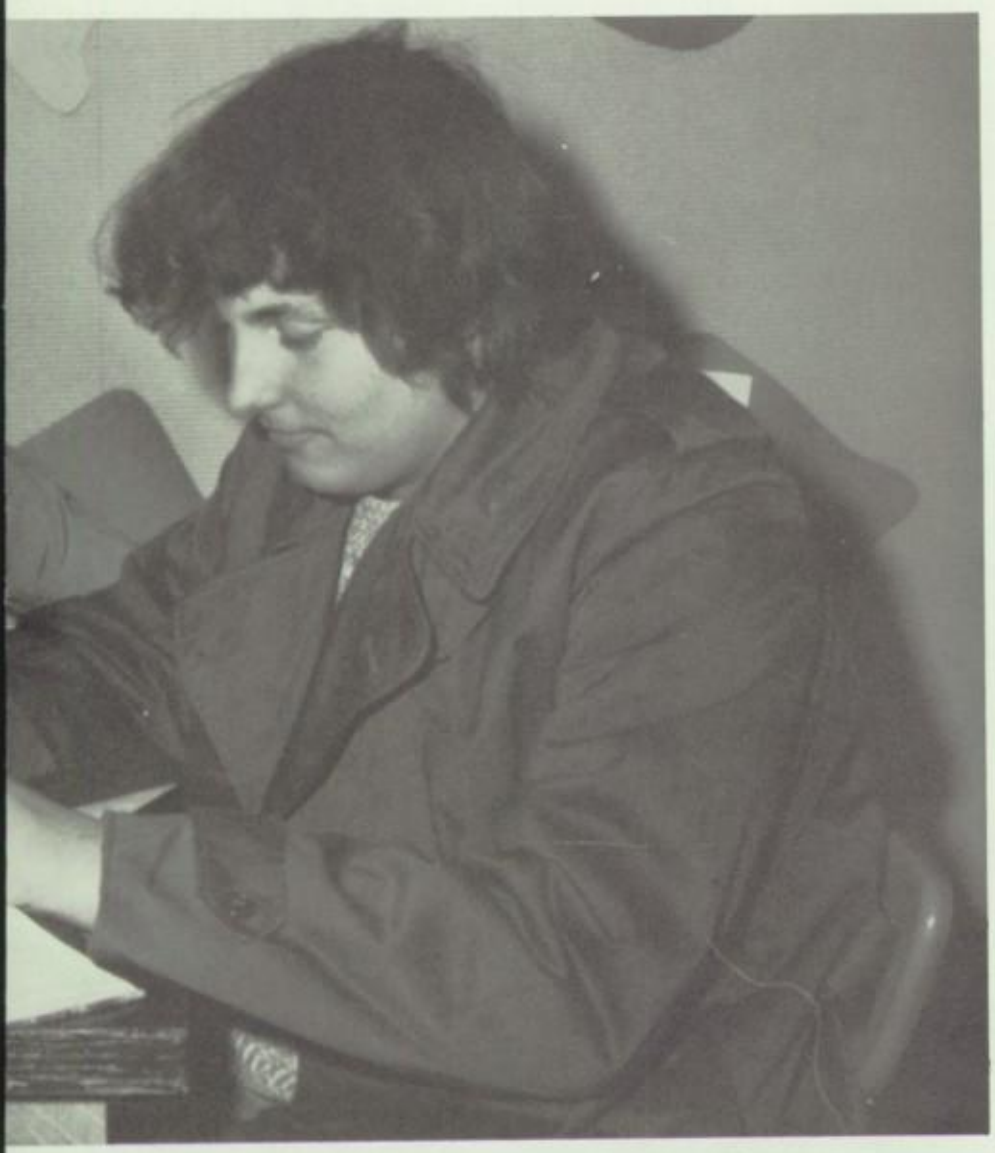
FAR LEFT: Kenneth Colston exhausted himself working out at basketball practice.
CENTER LEFT: Sophomores packed into driver's education classes to prepare for getting driving permits.

BOTTOM FAR LEFT: Donna Edwards instructed elementary students in baton fundamentals during the "Open Doors" program which promoted fine arts.
BOTTOM LEFT: Dissection techniques were practiced in biology and physiology.
ABOVE: Sophomores found time to study at the media center.

This year's "baby" Vikings managed to adapt well to Northeast's activities. Attending games, participating in sports activities, participating in the band as Majorettes or mixing in the cluster classes for the first time kept most busy.

It Made the Children Laugh and Play, Which Was Against the Rules





FAR LEFT: Students head off-campus for lunch.
CENTER: Oral and discussions skills satisfied the oral English requirement for graduation insuring a large sophomore enrollment.
BOTTOM LEFT: Mrs. Jane Morgan shared sophomore calls sponsor status with Mr. Richard Longley.
CENTER LEFT: Mary Sledge entertained the student body with her vocal talents.
BOTTOM CENTER: Sophomores Daryl Fitz and Ronald Farris take on junior Ardis Franklin and senior Garland Clemonons.
BOTTOM RIGHT: Sophomores followed the Viking football team loyally.

The best time of day for many sophomores was going out to lunch. The open campus was new to most. Students not able to catch a ride usually walked to the nearest drugstore in order to avoid school food. Running a close second to lunch time was assembly time. Besides listening to the different speakers, this time gave sophomores a chance to socialize.

The library and learning centers were open to any student who needed help with classwork. The library also became the "in" place to go in the morning before school. There students gather to do homework and converse.

Seniors spent most of the year planning their luncheon at Discoveries and the graduation activities. Speaker at the baccalaureate was former principal, Melvin Todd. Baccalaureate was held May 21 at St. Luke's Methodist Church. Graduation ceremonies took place May 26 in Northeast stadium with guest speaker Bryce Baggett. Before leaving, the seniors planned fund raising projects to supply money for gifts to be left to the school.

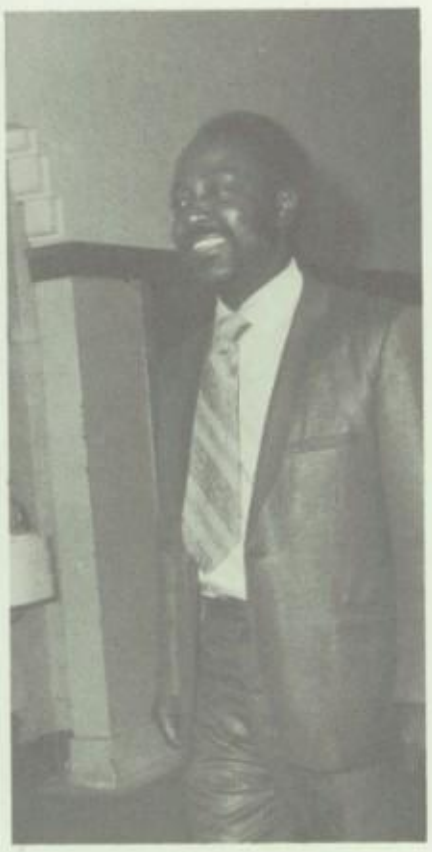
Principal James Robinson

School Board Members were Dr. Stanley Niles, Mr. William F. Lott, President; Mr. Foster Estes, vice-president; Mr. C. B. McCray and Mr. Melvin P. Rogers.

Board increased to seven: Greenwood added to office



James Robinson was joined by Donald Edwards and Harold Greenwood in shepherding the school through North Central accreditation pains as well as everyday paper work and disciplinary matters. This was the first complete year served by all three. Mr. Robinson came to Northeast from Kansas City in February of last year and was joined by former band director Mr. Edwards at the resignation of Melvin Todd and Howard Shipp. Mr. Greenwood from Harding Junior High joined the staff this year upon the resignation of Mr. Lonnie Gilliland who became an instructor in safety education at Central State University.

Vice-Principal Donald Edwards

Vice-Principal Harold Greenwood

Oklahoma City's school board was increased to seven members by a redistricting move which was responsible for the election of a black man, F.D. Moon, from the predominantly black district seven. Other new members were Paul English, Dr. Herbert Krob and Yvonne York. C.B. McCray was re-elected while Melvin Rogers and Foster Estes continued their terms. The implementation of the Finger Plan while at the same time appealing Bohanon's decision to higher courts kept the group busy after February. Once again, Dr. Bill Lillard served as Superintendent of Schools.

Service Personnel

The service personnel worked in their respective offices to keep the school running efficiently.

Mr. James Juniper, or "Sherlock" as many students called him, was the Security Officer. Among his many duties included checking the parking lot and halls for unwelcome visitor. The attendance office was under the direction of Mrs. Mary Miller who took care of such daily duties as checking the morning attendance and compiling the different absentee lists. Miss Duanie Shannon was secretary to Mr. Robinson for first semester. Her duties were relieved for second semester when Miss Nikki Turner returned. The financial secretary was Mrs. Mary Louise Morgan who was in charge of all financial affairs. Mr. Larry Foster is head of the North East Rehabiltation center. Mrs. Edwina Batson was in charge of the cafeteria service. Her ladies arrived each morning and left late in the afternoon in order to serve healthy lunches. Mrs. Patsy Griggs was the nurse. She ran the clinic and guarded health of North East students. Head of the Custodians was Mr. Charlie Ray. The custodians had to work harder because of cluster classes to clean up the school.

THE MAJOR OBJECTIVE OF THE PHYSICAL EDUCATION DEPARTMENT was to aid in the development of the whole of the muscles in physical activity and through knowledge of health. Football, basketball, track, wrestling, baseball, tennis, swimming and golf have extensive participation by the student body. Physical education and health classes were offered for the student who did not participate in team sports.

For the first time, Northeast had an athletic director. Joel Moore filled this position and was instrumental in increasing participation in the Athletic Boosters Association which raised funds to help retire the athletic department debt.

Vocational Education

Franklin Thorton

SEVEN DIFFERENT VOCATIONAL areas were covered in depth including such subjects as auto mechanics, welding, electronics, mechanical drawing and woodwork, cosmetology and cooperative vocational education. Students held jobs in CVE, cooperative education and work study. Advanced courses in very technical areas such as aeronautics, and data processing were available at the area vocational school.

Rosetta Douglas

Joyce Ryden

THE LEARNING CENTER WAS established to provide developmental and remedial programs for students in reading, social studies, mathematics and science. The curriculum was designed to aid students with normal ability who require help in some areas over a short period of time to catch up with regular course work.

BUSINESS MATH WAS ADDED to the vocational-oriented business curriculum. Cooperative Office Education provided intensive work at secretarial job skills while data processing students were taught skills on the time-share computer. Other classes constructed plastic covers for all of the buildings typewriters.

DRIVERS' EDUCATION INCORPORATED an extensive safety program along with its automobile operation segments. Defensive driving was stressed. When students are not driving or studying safety procedures, they practice skills in Drivo-trainers.

SCIENCE COURSES WERE once again clustered bringing students from all northside schools to Northeast for biology, chemistry, physics, geology, and physiology. Twelve teachers plus one teacher's aide staffed the department making it the largest in the school. Extensive use of the new labs was involved in chemistry, physics and geology experiments also in dissection of cats, rats, worms, a baboon and various animal organs.

THE FINE ARTS DEPARTMENT of Northeast is headed by Mrs. Carole Hardeman. The department includes Drama, Speech Mixed Chorus, Girls Glee Club, Viking Singers, Band, and Modern dance. The Fine arts department collaborated together in a production of Jesus Christ Superstar this spring. Students in these different subjects headed the committees and worked on the show. An assembly committee was also initiated this year to try and help make assemblies more meaningful and try to promote better behavior and more school spirit in the assemblies.

THIS YEAR THE ENGLISH DEPARTMENT again used the system that was devised last year. This system allowed the students freedom in deciding what they wanted out of English. The students were allowed to choose the course of their choice. Each course lasted 1 semester. The courses offered were: Mass Media, Oral discussion, Mythology, Short fiction, Grammar, and Vocabulary. Also, Poetry, Humanities and Great Books courses were offered, all of which lasted for 2 semesters.

A political action group was started to inform students of voting procedures and different political party philosophies. The emphasis in all social studies courses was research and individual study to allow students in-depth training in special interest areas.

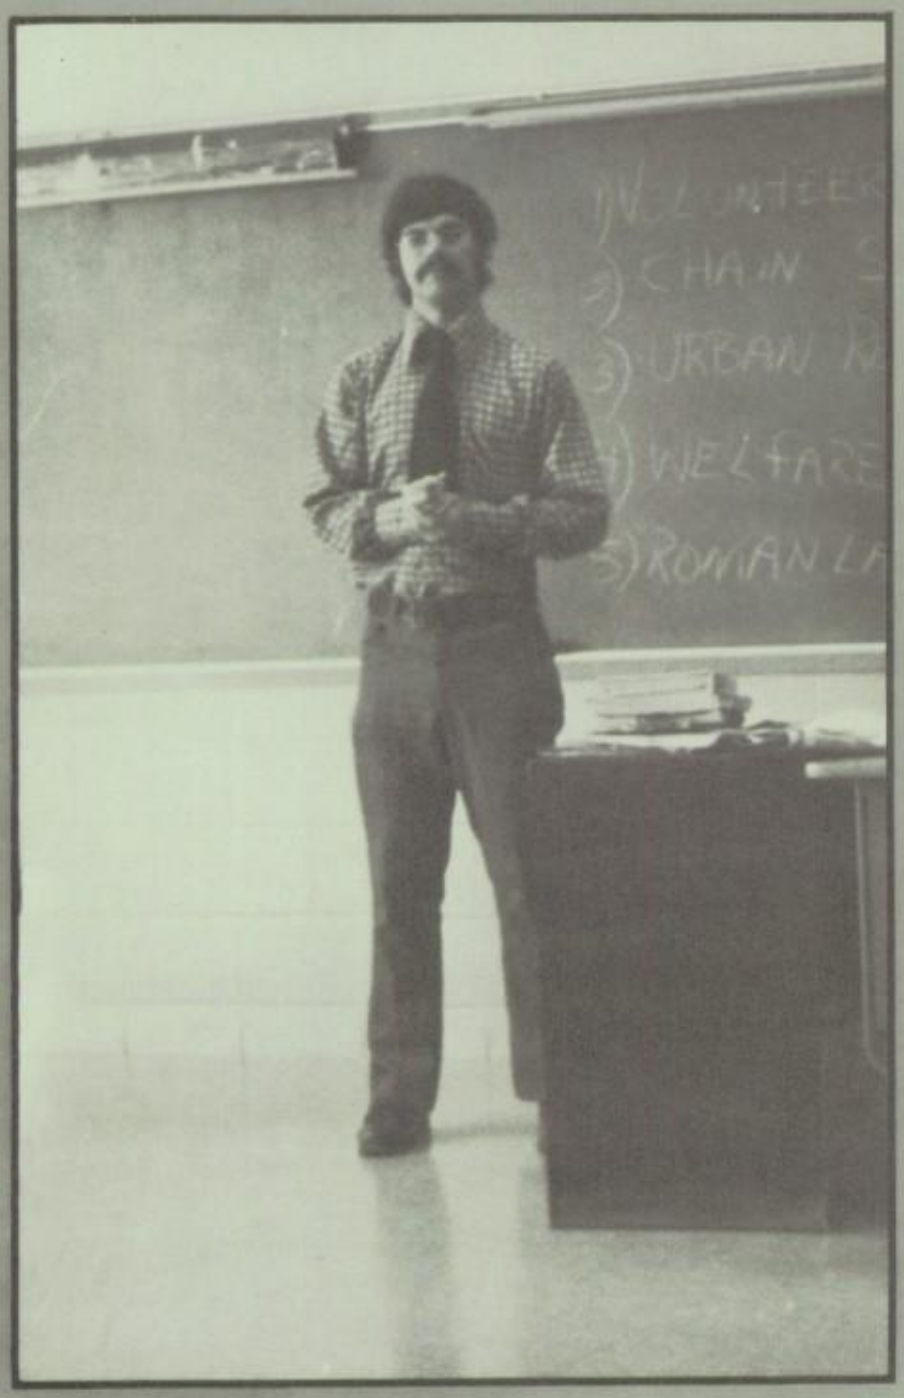
dedication . . .

Dedication to our school, to learning and to each other. ABOVE RIGHT: Mrs. Mary Morse enjoyed teaching her business classes. RIGHT: The Cheerleaders showed their dedication by putting all their energy into keeping Viking Spirit alive. BELOW RIGHT: A harrowing moment for Mrs. Judy Swafford as she contemplates upcoming yearbook deadlines.

. . .to our school



. . . to service

Doing a service to others does a service, indirectly, to ourselves. FAR LEFT: A student teacher learned how to cope with the problems of his students. LEFT: Eldridge Kindle thought about the different kinds of things he could do to make this a better world. BELOW: This sign was just one of the many ways in which the Northeast Student body showed its grief after the death of Mr. Joel Moore on February 21, 1972. Mr. Moore was the activity director.

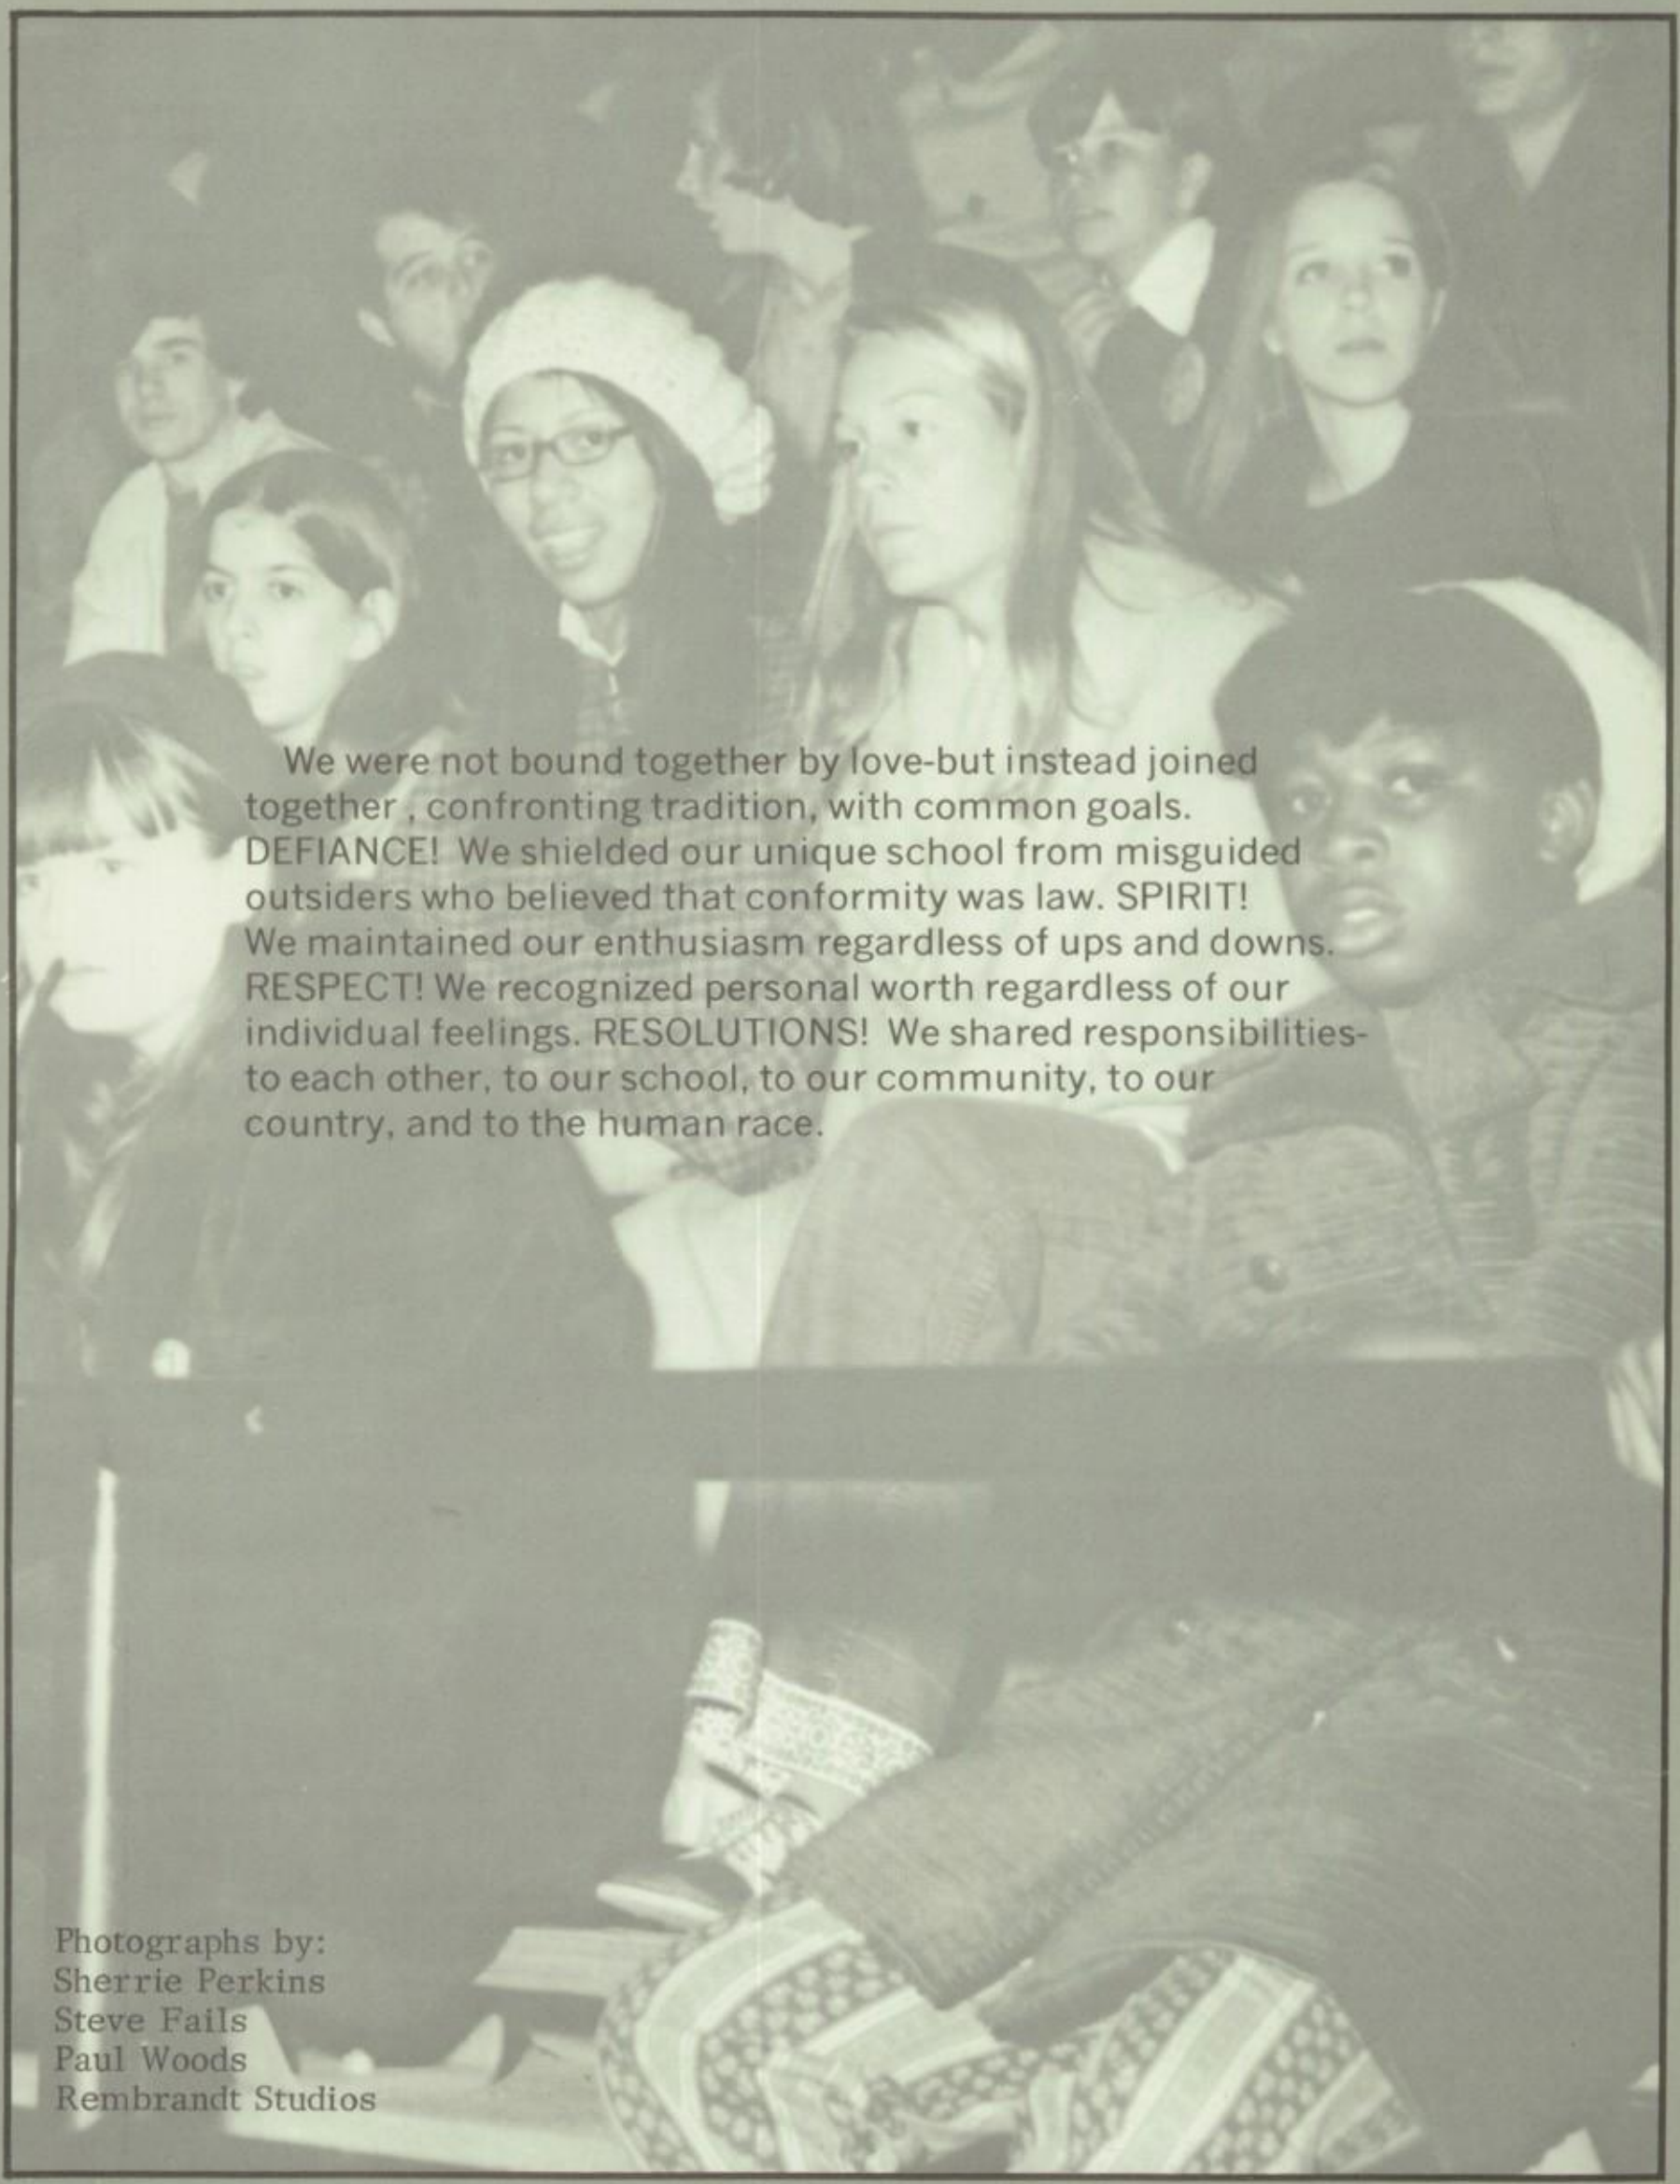
. . . for our own

St. Valentine's Day was considered Love Day as the student body showed their love for each other by sending Cupid Express Valentines. Each valentine had a sucker attached to its message of love.

Cupid Express Prince and Princess were James Dozier and Linda Turner. These students each received the most valentines in the school. First Runners-up were Kim Robinson and Kenneth Colston.

. . .for fellow man

For the first time since Northeast became a high school, Vikings were privileged to have a foreign exchange student in their midst. Cecile Mercadie, a senior from France, said, "I am really happy that I had the opportunity to come to Northeast High School." Some of Cecile's favorite classes include Drama, Great Books, and Sculpture. While living in America, Cecile lived with Robin Robinson and Mr. and Mrs. Stuart Robinson.



We were not bound together by love-but instead joined together , confronting tradition, with common goals. DEFIANCE! We shielded our unique school from misguided outsiders who believed that conformity was law. SPIRIT! We maintained our enthusiasm regardless of ups and downs. RESPECT! We recognized personal worth regardless of our individual feelings. RESOLUTIONS! We shared responsibilities- to each other, to our school, to our community, to our country, and to the human race.
